

Obstetrics, Gynaecology and Reproductive Medicine

Advertising Rates and Data 2007

THE JOURNAL

Obstetrics, Gynaecology and Reproductive Medicine is an authoritative and comprehensive resource that provides obstetricians, gynaecologists and specialists in reproductive medicine with up-to-date reviews on all aspects of obstetrics and gynaecology. Over a 3-year cycle of 36 issues, the emphasis of the journal is on the clear and concise presentation of information of direct clinical relevance to specialists in the field and candidates studying for MRCOG Part II. Each issue contains review articles on obstetric and gynaecological topics. The journal is invaluable for obstetricians, gynaecologists and reproductive medicine specialists, in their role as trainers of MRCOG candidates and in keeping up to date across the broad span of the subject area.
